

Kentfield School District Board Meeting Highlights
March 11, 2014

Tamalpais Union High School District Superintendent Laurie Kimbrel and Assistant Superintendent Michael McDowell discussed their implementation of the Common Core, Project Based Learning, and articulation with the feeder districts.

The Educational Showcase featured Kent student presentations on Community Service projects and Marin County Science Fair results. Four out of the six Grand Prizes were awarded to Kent students. The District's English Language Development program was showcased by teacher Kerri Baetkey. Our English Learner population continues to grow. Her presentation was enhanced by video and audio demonstrations by her students.

The Board reviewed the results of the Demographic Study. The report forecasts steadily increasing enrollment over the next 10 years. This study will be included in the background materials provided to the Strategic Planning Task Force which will begin its work in late April.
