California's Local Control Funding Formula (LCFF) provides Base, Supplemental, and Concentration (S&C) funding to school districts. S&C funds are the only funds targeted to improve student outcomes for all students - especially for English learner, foster youth, and low income students.

The Local Control Accountability Plan (LCAP) shows how these funds will improve student outcomes and performance for all students – especially English learners, low-income students, and foster youth.

What is in Kentfield Elementary School District's LCAP?

As a District, we commit to ensuring equity, making it "possible for any student regardless of their background, prior achievement or the financial acumen of their parents to attain excellence" (John Hattie). All students have the right to aim for excellence and to attain excellence in multiple ways. This LCAP outlines the strategies we will employ to assure all students' access to equitable, excellent outcomes.

MAJOR CHANGES FOR 2018-2019 LCAP

With the help of the California School Dashboard and two years of comparable CAASPP results, we have identified significant gaps in the academic performance of our English Learners, our socioeconomically disadvantaged students, and our students with disabilities. This data and its starkly visual portrayal of differing outcomes leave no doubt about the need to focus our efforts on ensuring that students who are in these groups are offered the same opportunities, challenges, and support as the rest of our students.
