Model United Nations MARIN YMCA

California YMCA Youth & Government has offered the Model United Nations (MUN) program to middle school students throughout the state since 2001. Middle school students (delegates) participate in the program with their peers. They are given the opportunity to discuss international issues, discover other cultures, develop life-enhancing skills, and make new friends. The program culminates when delegates from around the state meet at the annual Model United Nations Summit in Los Angeles, California.

Once at the Summit, ambassadors take on the roles of their country's UN representatives, committee chairs, and presiding officers. They get to put their research and newfound knowledge to work as they perform their roles and explore how the United Nations is run. In this unique experience, middle schoolers deal with international issues that affect our world.
